BLACK EDITION

SKYPOD® BLACK EDITION IS HERE

The easy way to add more class to roof glass.

Introducing the brand new Skypod Black Edition. Designed with a premium matt black frame that looks great to customers, with quality and ease-of-installation that looks amazing to installers, too.

Like the rest of the Skypod range, this sleek, modern lantern roof has been designed to meet the demands of design-conscious homeowners and architects.

Style-savvy people who want to let more natural light into their flat roof extension or garage conversion, but also demand contemporary design that works in harmony with their living space.

Because we've used an aluminium frame and aluminium ridge and rafter cappings, the Black Edition offers a premium matt finish for a cutting-edge contemporary look.

It's a first from Eurocell that allows you to offer lantern rooflights in Matt Black, as well as the existing range of six architectural colours.

Even better, you can install them with complete confidence they'll work perfectly and look great for years to come. So you can be certain that your reputation remains untarnished too.

IS IDEAL FOR...

Home extensions with flat roofs such as; kitchens, flat roof replacements, new build properties or as an alternative to a traditional conservatory.

MULTIPLE DESIGN OPTIONS

Eurocell Skypod Black Edition is available in a range of stylish options, helping you make light work of the most demanding design and installation requirements.

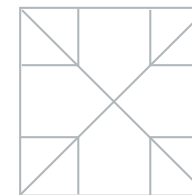

No 'side-bars' needed on sizes up to 1.5m x 2.75m

Up to 1.5m x 7.45m

Up to 2.75m x 8.7m
